

Navy Seabee Veterans of America
Office of the National Commander

Seabees, Families, and Friends,

It is with great honor and humility that I accept the responsibility of serving as your National Commander for the 2025–2026 term. The Navy Seabee Veterans of America has a proud legacy—rooted in determination, skill, and the “CAN DO” spirit that has carried us through battlefields, disaster zones, and rebuilding efforts worldwide.

Our mission is to strengthen membership, honor our history, and expand outreach so that every Seabee past, present, and future has a home within this organization. As we grow, we want every Seabee to bond together, support each other and future visions that make us stronger. Keep building your SWARMS but always extend membership to keep the NSVA legacy alive. It is important that each SEABEE join this great organization whether you are active duty, reserve force, retired or Seabee Veteran. Being part of the family speaks to our heart, “With Willing Hearts and skillful hands, the difficult we do once but the impossible takes a bit longer.” We will tackle this task together no matter how difficult or dangerous!

Our Outreach Committee is working to gain corporate support, strengthen partnerships, and reconnect with the Seabees who may feel distant or forgotten. No Seabee should ever stand alone. We will build as we fight for you.

I challenge each of you to “Find Your One” one Seabee, friend, or family member you can bring into our fold. Together, we will grow, expand our reach, and safeguard the proud legacy of the NSVA.

Thank you for your trust, dedication, and continued service beyond the uniform. With God’s guidance and the strength of our Seabee family, there is no limit to what we can accomplish.

CAN DO!

Respectfully,

Eric M. Treece

Navy Seabee Veterans of America
National Commander (2025-2026)

“We Build, We Fight”
